A FREE DIPHTHERIA CLINIC AT CITY HALL ON WEDNESDAY

Board of Health Decides to Hold Another Schick Clinic—Two Already Held Have Proven Most Successful—Nearly One Hundred Children Took Test.

So successful have been the free diphtheria clinics held by the board of health at the city laboratory on John street that it has been decided to hold another free clinic Wednesday afternoon from 2 to 5 o'clock at the city hall.

Dr. Frank A. Johnston, city health officer, stated today that the reason for selecting the city hall for the next clinic was because it was more centrally located and parents would be able to attend with their children more easily than if they had to go to the city laboratory.

The health board has already held two free clinics at which time the Schick test for diphtheria was administered to nearly one hundred children. Those who reacted to the test received three injections of toxin-antitoxin which immunizes those receiving it for a period of at least seven years.

All parents are urged to make it a point to bring their children to the clinic at the city hall Wednesday afternoon to receive the test which will be administered by an expert from the state health department. There will also be a trained nurse in attendance.

UNION CHURCH'S 7TH ANNIVERSARY

The Ponckhockie Union Church celebrated its seventh anniversary Sunday. The services were largely attended, the pastor, Rev. F. W. Moot, basing his morning sermon on the theme, "Causes of Failure," which in the individual life, a nation or a church, is due to indifference, weariness loss of vision and forsaking God. In the evening he spoke on the theme, "What Have We Done?"

In reviewing the work of the past seven years, he said the church had a small field compared with some of the larger and older churches of the city, and yet its isolated location together with the results of the years proved the wisdom and necessity of its organization. During these seven years he had received into the membership of the church 278 persons, performed 120 baptisms, officiated at weddings and funerals. He had delivered over 700 sermons. The present membership is 235. The church has raised over \$22,000. It owns a church and parsonage valued at \$30,000 and has no debt. The future of the church is very promising.

For some time the pastor has had under consideration the establishment of an endowment fund. The principal of this fund shall be invested and only the income used for the church, the original gifts going on in their good work for many years. Sunday a member of the church gave the first \$100 to this fund. It is hoped that through gifts and legacies from friends and members of the church, this fund in time will greatly aid the organization.

The music, which was in charge of Mrs. C. M. DuBois, was excellent. It consisted of anthems by the choir and solos by Mrs. J. B. Osterhoudt and Richard Dave.

GANGSTER SHOT IN WEST ALBANY YARDS

Albany, Nov. 13.—One man is in the hospital with a bullet in his neck and three are under arrest following a gun fight between New York Central detectives and gangsters in the West Albany freight yards early today.

John Walsh, 28, of this city, the wounded, is not expected to live. Detectives say the men were trying to steal liquor from a freight car.

Daniel Breslin, Frank McNeil, and Manning Stole, all between 12 and 25, are held on a charge of robbery and violation of the Interstate Commerce act.

AMERICAN BASE TEAM IS WHITENING JAPANESE

Tokio, Nov. 13.—Walter Hoyt, pitching for the American baseball team touring the Orient, today had the first no-hit game of the invasion, to his credit. Falk and Griffith made homers.

The score:
Americans 12 20 1
Kore 0 0 0

Attendance at the games is breaking all Japanese records. Waseda was defeated Saturday 13 to 0. Kelly, Stephenson and Lavan all scoring homers.

ISAAC R. TROWBRIDGE SECURES DIVORCE DECREE

On Saturday last, Justice Rosch granted an interlocutory decree of divorce to Isaac R. Trowbridge, from his wife, Beulah Trowbridge, upon statutory grounds. The parties were married in August, 1919, at Hunter, and are residents of this city. There are no children of the marriage. Arthur C. Connelly was attorney for plaintiff.

Falls to Her Death.

Mrs. Garcia White, aged 45, colored, was found dead Friday afternoon at the bottom of the shaft of a dumb waiter in the home of Fred Stern on Grand street, Newburgh. She is believed to have fainted and fallen to the bottom of the shaft. Coroner John F. Tucker was called. Examination revealed her neck had been dislocated. It was necessary to attach ropes to her feet to remove the body from the shaft.

NEW QUAKE ON COAST OF CHILE

Buenos Aires, Nov. 13.—With from 1,000 to 2,000 reported dead or fatally hurt and many hundreds others painfully injured the Chilean government today concentrated all its activities towards giving relief to the districts devastated by earthquake and tidal wave.

Thousands are homeless in the Taena-Arica districts and further south, both along the coast where the Pacific inundated vast areas and further inland where the earthquake shook down towns and villages.

Communication with some districts was still cut off today, making it impossible to get details of the calamity and to give a definite estimate of the dead.

The devastation is so great that Chilean officials are contemplating asking outside aid, perhaps from the American Red Cross.

Vallenar, a town of 6,000 population was destroyed.

Heavy damage was done in the district of Coquimbo.

Vessels reported by wireless that small fishing villages at some places on the coast had disappeared.

For fear of pestilence the corpses are being buried in some districts as quickly as discovered without awaiting the formality of identification.

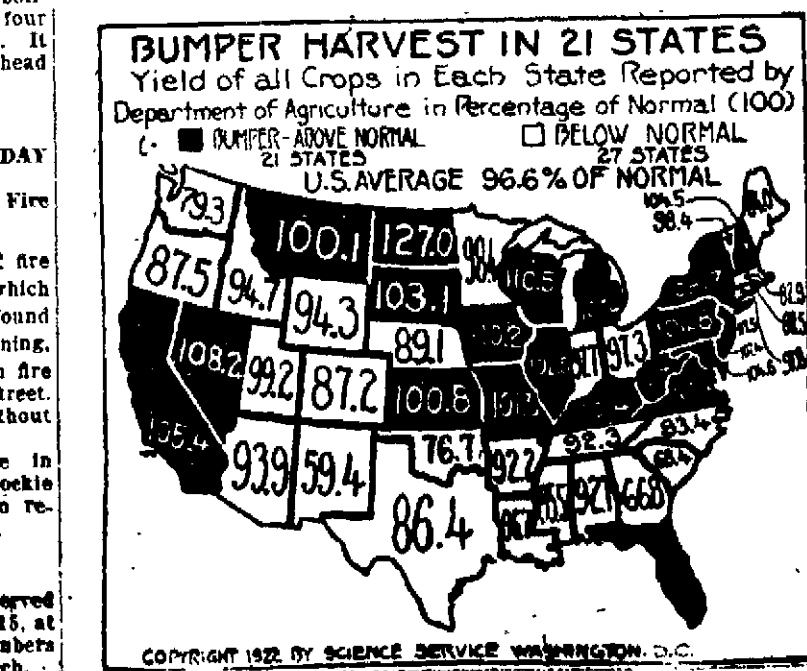

No further disturbances have been reported. Scientists believe that both the quake and tidal wave were caused by the eruption of an ancient volcano at the bottom of the Pacific.

Santiago, Chile, Nov. 13.—Further earthquake shocks took place in the northern provinces today, adding to the terror of the population.

Pestilence and famine are threatened among the thousands of homeless fugitives.

Owing to interruption of rail and telegraph communications, the work of getting supplies into the devastated regions is proceeding very slowly.

BUSINESS DAY 69 DAY
as the Government sees it
PREPARED BY RALPH F. COUCH

AARON KATZ DIES AT AGE OF 61

Built up large business by his Energy and Attention to Detail—Member of Water Board, President of His Congregation and Ardent Friend of His Home Town.

Aaron Katz died this morning at his home, No. 250 Broadway, following an illness of about two weeks. Mr. Katz was in the sixty-second year of his age and had enjoyed exceptionally good health up until his recent illness.

Coming to this country from Germany at the age of six years, Mr. Katz was educated in the city schools and lived here ever since. His father conducted a junk business on Murray street and he later joined him in this work. Under the personal direction of Mr. Katz a business was built up in this line which is not surpassed by any along the Hudson river. His business enterprise is well and favorably known and has an exceptionally large field. Besides conducting the A. Katz establishment he was also president of the Kingston Scrap Iron Metal Co. with offices at 150-160 Hasbrouck avenue. Throughout his many years in business he gained a large circle of friends and acquaintances and his thoroughness in business transactions is widely known. He was an ardent lover of Kingston and its people and his many acts of charity will live long after him. He was a devout member of Temple Emanuel and had been president for several years. The congregation of Temple Emanuel held him in the highest esteem. Practically he was a member of Rondout Lodge, F. and A. M., and of Mount Horeb Chapter, Royal Arch Masons. He was also a member of the water board. In 1888 he married Miss Sophia Weinberg, who survives him besides two sons, Albert B. and Felix W.

The whole city will be greatly grieved to learn of the death of Mr. Katz, one of its highly respected citizens. The funeral will be held from the late residence on Wednesday afternoon at 2 o'clock. The interment will be in Montrose Cemetery.

ACCUSED OF GIVING STEPDAUGHTER RAT POISON.

Providence, R. I., Nov. 13.—"Mother" McCaw, middle-aged philanthropic wife of Sam McCaw, Bristol grocer, went on trial here today for the murder of her crippled 21-year-old stepdaughter, Elsie McCaw.

The authorities allege the girl died from rat poison mixed in her food. Mrs. McCaw, who was Miss Ruth Seymour of Bristol Neck, previous to her marriage to the grocer a short time before the girl's death, has maintained during the ten months she has been in jail, that she is innocent. The suspicious illness of Leon, brother of the dead girl, led to an investigation resulting in her arrest. Previous to that time she had been called "Mother" by her neighbors to whom she ministered in illness and for whom she was constantly doing small neighborly favors.

BILLARD STARS START MATCH FOR \$12 TITLE

New York, Nov. 13.—The greatest field of billiard stars that ever took part in a championship, will begin competition here tonight for the 182 balk line title.

In the opening match, Jake Schaefer, who won the title from Willie Hopp last year, will meet Erick Hagelacher, champion of Germany. All matches in the tournament which will end November 21, will be at 500 points.

The remaining entries include Willie Hopp, Edouard Horemans, of Belgium, champion of Europe; Roger Conti, champion of France; and Walker Cochran, the young American expert.

In tomorrow's matches, Cochran will meet Conti and Hopp will face Horemans.

FIRE IN HUMBLE OIL FIELDS COSTING MILLIONS.

Houston, Tex., Nov. 13.—With damage already running into the millions, a spectacular fire in the tank farm section of the Humble Oil Fields, was raging unchecked today.

At 7:30 o'clock this morning two tanks, each of 200,000 barrels capacity, were burning fiercely. The tanks are owned by the Gulf Production Company.

Other tanks in the area are doomed. It was feared.

The blaze was started by lightning.

TEN POINT DEER SHOT SUNDAY AT IDEAL PARK

David Champion, Benjamin Van Keuren and Mr. Williams of Rhinebeck, who had been stopping at the Randall House at Mt. Tremper, on Sunday shot a deer at Ideal Park.

The deer which weighed about 185 pounds "hog-dressed" had ten points. The deer is said to be the finest specimen shot in that vicinity this season.

A \$10 "Cooon."

One of the trophies brought by hunters to Kingston Sunday evening was a 2 1/2 pound raccoon, shot by Raymond Cannizz. An offer of \$10 for the skin was refused. Mr. Cannizz is an inveterate and successful hunter. He also got some rabbits and a partridge on the trip.

AUTO PLATES READY WEDNESDAY

Will Be Purple and White and All Were Made in State Prisons—Ownership Card Goes With Plates—Cost More This Year.

By Telegram to The Freeman.
Albany, Nov. 13.—For the first time in the history of the state all of the 1923 automobile license plates were made this year by the inmates of the state prisons. Last year 400,000 of the plates were made by a concern outside the state. By having the plates made in the state prisons, each pair cost the state 17 and one quarter cents, according to officials in the state tax commission, which now has charge of the automobile bureau.

On Wednesday of this week the county clerks in all counties in the state with the exception of the counties comprising Greater New York, Albany and Buffalo, will be ready to distribute the new plates to owners and dealers of automobiles. In New York, Buffalo and Albany the plates will be distributed branch offices of the automobile bureau.

The 1923 plates will be purple and white instead of green and white as were the 1922 plates. They will be the same size as the 1922 plates but "N. Y.-1923" will be at the top of the plate instead of at the bottom.

Up to November 1, this year, a total of 990,225 automobiles were registered in this state. In addition there was a registration of 25,023 motorcycles. The total amount of fees taken in by the automobile bureau for the first 10 months of the year was \$12,507,456.

Officials at the state tax commission say they would not be surprised to see the 1923 registration go well above the million mark. They point to the fact that more people are buying cars because the prices are continually being reduced.

The tax commission has adopted a new plan this year, that of delivering the certificate of ownership when the license is obtained. In past years this certificate has been sent out by the automobile bureau anywhere from a week to two months after the issuance of the license plates. This plan will save the work of mailing and the postage on about three-quarters of a million of these certificates.

Another change will be three different kinds of applications. The license application for pleasure cars will be made on white certificates, the commercial on yellow, and the omnibus on steel gray.

Under the old system when a car was sold the certificate of ownership had to be transferred through the Albany office. This has been changed and when a car is sold in 1923 the certificate can be changed and recorded in the office of the clerk of the county in which the transaction took place.

The 1923 licenses will cost considerably more than 1922. The minimum fee for cars having six, eight and twelve cylinders in 1923 will be \$10, while the minimum fee for any other car will be \$8. Some of the licenses will cost nearly 60 per cent more than in 1922.

WARNED AGAINST USING FOREIGN SEEDS HERE.

Enormous quantities of clover and alfalfa seed from South America and elsewhere are being imported into this country and most of it will find its way to New York farms because of their proximity to the eastern markets and because New York farmers must buy practically all their seed outside the state, declares the seed specialist at the experiment station at Geneva. Millions of acres in this state, but almost no seed is produced here.

The station authorities and many farmers in the state have found that foreign seed is not adapted to New York conditions. Poor stands, due to winter killing and disease, invariably result from the use of this seed. Western grown seed alone gives satisfactory results, says the seed specialist, and he urges growers to buy only American seed that can be guaranteed as to its western origin.

Washington Nov. 13.—Japanese

are not of the "white" race and under the federal laws are not entitled to citizenship by naturalization the United States supreme court today decided.

The opinion of the court sets at rest a vigorously contested dispute which arose on the Pacific coast and has waged there for years.

Associate Justice Sutherland delivered the decision it being his first opinion since becoming a member of the court.

The supreme court held that the federal statute limiting citizenship to free white persons and Africans or those of African descent had not been repealed or modified by any subsequent legislation and that Japanese are not of the Caucasian race. The court affirmed a decision by Washington state courts holding this opinion.

In another decision the supreme court of the United States today also affirmed a decision of Washington state courts denying to Japanese real estate holdings company on the ground Japanese were not entitled to citizenship by naturalization.

Decision as to the "color" of a Japanese and eligibility to naturalization as a citizen of the United States under a federal statute limiting naturalization to white persons and Africans or those of African descent was asked of the United States supreme court in the appealed cases of Takao, Ozawa, of Honolulu, and Yamashita, of Washington state. These cases have attracted much attention, especially on the Pacific coast where the Japanese question is acute.

Ozawa contended he was entitled to citizenship because he is white and had molded his life according to American ideals and customs. He began his fight for citizenship before the United States court in Hawaii several years ago, but his contention was denied by this court and by the federal circuit court of appeals in California.

Ozawa went to Hawaii when a young man and was educated at American public schools. He married and his children are being educated as Americans and are American citizens.

CAN COMPEL VACCINATION

Supreme Court Upholds Laws Requiring Vaccination as School Entrance Requirement.

By Telegram to The Freeman.
Washington, Nov. 13.—The supreme court of the United States today upheld the validity of legislation which requires vaccination of children as a school entrance requirement.

The decision was handed down in the case of Rosalyn Zucht, a high school girl of San Antonio, Texas, who had sued the health authorities of that city for damages because they barred her from school following her refusal to submit to vaccination.

The case attracted nation-wide attention.

The girl challenged the validity of the city ordinance and carried her appeal to the supreme court. The case was deemed of importance to thousands of communities which have similar ordinances.

The supreme court denied her claim for damages and declared the ordinance legal.

THANKSGIVING PARTY AT ST. MARY'S HALL

The Children of Mary of St. Mary's Church will open their season's social activities at St. Mary's School Hall on Friday evening, November 24. The evening's festivities will have the appearances of a Thanksgiving party and the spacious hall will be decorated in accordance.

Daddy's Evening Fairy Tale

BY MARY GRAHAM BONNER

BUTTERFLIES' BEDTIME

"I've always been glad," said the Monarch Butterfly, "that I had such a fine name. Now a monarch is a ruler."

"So is a Queen," said the Queen Butterfly.

"And my name is a royal name," said the Royal Fritillary, as the beautiful brown butterfly with the black edging to her back and the creamy white spots was called.

"I have heard," said the Monarch Butterfly, "that the Emperor family were very proud of their names, and I do not wonder. As for that Mr. Goatweed Emperor—he is a smart fellow."

"Gather around me, Butterflies and let me tell you the news I've heard of him. He doesn't come up to the northern part of our country very often. He likes it out West, too, better than he does in the East. He is what is known as a Westerner."

"But he is an interesting fellow even if he doesn't live around our parts. When he was but a little caterpillar he lived the leaf upon which he was sitting (or sprawling!) with a fine silky perch, and then he ate the other part of the leaf."

"And later on this smart Mr. Goatweed Emperor folded over his leaf and made himself a handsome tent. Now if people could do all that I would have pity on them when they talk of houses and how hard it is to find the right place to live. They aren't saving of space. Not they!"

"And when they think they're so bright and up-to-date and so careful to have fresh air in their rooms when they sleep—ah me, it makes me chuckle!"

"Take my name Mr. Goatweed Emperor! What does he do? He leaves a little opening at either end of his tent for air. He calls them his windows."

"True, every word you say is true," said Queen Butterfly, smoothing and spreading out her brown and black wings and gazing fondly at her fine white spots.

"I often wonder," the Monarch went on, "whether people know that I am a monarch when they see me all summer long in the fields. I wonder if when they see a beautiful butterfly of brown with smart black lines and white-spotted black wing edges and head decorations that it is a monarch they are beholding?"

"In case they don't know I'd like to tell them a secret. I'm very apt to be in the neighborhood of the milkweed plants. We eat the milkweed leaves as soon as we are hatched out into little black and white caterpillars."

"Perhaps some day," the Monarch continued, "people will be more interested in butterflies. And perhaps, when they're peering at milkweed plants, some one will say—"

"Ah, friends, behold the milkweed plants! These are the homes of the little caterpillars who later become green chrysalids with gold spots and who then become the great and famous and well-known Monarch Butterflies!"

"It seems to me that something like that should happen some time. Just as it does when people pass by the house where some one famous was born! That is what I think should happen."

The Monarch Butterfly shivered then over so slightly. "Well, friends," he said, "I must be off for the winter. I go South for the winter, you know. I don't care about sleeping all winter and the climate here gets too cold for me. I am like the birds and other fashionable creatures who take a trip South for the winter. I'll be about again when spring comes. Yes, very soon now, I must be on my way."

"I must be off for my sleep," said the Clouded Sulphur Butterfly who had joined the others for a moment.

"Young members of my family who have not yet reached the butterfly stage sleep all winter in their caterpillar state, while I sleep as the butterfly that I am." The Clouded Sulphur smiled a butterfly's sunny smile. He was such a friendly little soul, always having a pleasant word to say to the flowers, and looking so cheerful and bright with his gay yellow suit and its edging of brown.

"I've had a happy life, ever since I was born on the Clover Leaf Farm," the Clouded Sulphur continued. "Once I was only a little green caterpillar, but I'm a stylish fellow and I changed my costume according to caterpillar and butterfly styles!"

"Pleasant dreams, butterflies," he ended.

"In the Neighborhood."

SWEET POTATO DISHES

The sweet potatoes grown in some parts of the West are so sweet that sugar sirup bursts out of them when baked. If a fork is thrust into them. They are delicious eating but somewhat cloying, after eating several times. The yam is not so sweet and is best baked. The part of the potato next the skin is the best flavored and should be carefully scraped from the skin. If the potatoes are lightly rubbed with sweet fat before putting them into the oven they will peel with a paper-like skin, leaving the slightly browned, smooth surface underneath. There are those fond of the sweet potato who prefer them boiled, twin sliced and fried; seasoned well, they are very appetizing.

Sweet Potato Patties.—Dice six medium-sized sweet potatoes, add two teaspoonsful of salt, half of a beaten egg, a tiny pinch of ginger and cinnamon, three tablespoonsful of butter and, if needed, enough heated cream or milk so that the mixture may be molded. Beat well and mold into balls the size of small cups. Slightly flatten each ball and press into the bottom of a wet cup, making a shell like patty shell with walls one-half inch thick. Add two tablespoonsful of water to the remaining egg and brush the patties. Place on a baking sheet and brown slightly in a hot oven. Remove to a hot platter and just before serving fill with creamed chicken. Garnish with parsley and serve at once.

Virginia Sweet Potatoes.—Cook six potatoes until soft, slice lengthwise and arrange in layers in a well-buttered baking dish. Sprinkle each layer with one-half teaspoonful of salt, one teaspoonful of brown sugar and one tablespoonful of coarsely chopped boiled chestnuts, then dot with bits of butter. Pour over the whole one-fourth of a cupful of boiling water in which one tablespoonful of butter has been melted. Bake in a hot oven twenty minutes or until the top is a rich brown and the moisture is nearly absorbed.

AUTO BANDITS SPREAD TERROR

One Gang Believed to Have Committed Series of Robberies and Incendiary Acts Between Here and Ellenville Saturday Night.

A series of robberies, attempted robberies and fires were reported to the local authorities early Sunday morning and kept the office of Sheriff Kotts busy during the day. Working on the slight clues which were left, progress was slow but from present indications the series of crimes were probably the work of a gang which was traveling in an automobile. It is possible that the several crimes reported were all committed by the same band of experienced crooks.

The first knowledge that the authorities had of the gang was when Elias Schoonmaker, who resides in Granite, reported to the sheriff's office that an attempt had been made to rob and burn his house. About 9 o'clock Saturday night he was awakened by the sound of a fire crackling. An investigation showed that an attempt had been made to fire his house from the outside. With the assistance of several neighbors, quickly summoned, the fire was extinguished and the property saved. In seeking assistance Mr. Schoonmaker ran through his back yard where hidden in the bushes was an axe. As he stopped to investigate he noticed a bundle lying on the ground. In the bundle was found a quantity of silverware which had been kept wrapped up in the sideboard in the house. An investigation was immediately begun to learn how the silverware came there and while examining the premises a window pane was discovered missing from one of the rear windows. Entrances had been gained by removing the window pane and then unlocking the window. Whether anything else was secured is not known.

By the same means an attempt was made to enter the jewelry store of Emory Lewis in Rosendale. Sunday morning about 3 o'clock Mrs. Eilers who resides next door to the store was aroused from her sleep by a noise. She went to a window and observed two men in the act of forcing an entrance to the jewelry store. She screamed and the two men disappeared in the darkness.

A crowbar which it was learned had been secured from a nearby garage had been used to force the window. That this was the same gang is evident as the same means was used to attempt to gain an entrance to the store. The windows were all covered with screens nailed on from the outside. From two windows the screens had been removed and from one window a pane of glass had been removed and carefully stood up against a tree.

About an hour later C. N. Czerninski, who resides on the Rosendale road about a mile and a half from Kingston discovered a small store which he conducted was on fire. The fire had gained such headway that it was impossible to save the building and the frame structure was rapidly consumed. It is thought that the store may have been robbed and then set on fire.

A gang traveling by automobile could easily have been responsible for all of the events as the road which leads from Ellenville to Kingston might have been taken from Granite to Stone Ridge and then over to Ellenville and through Rosendale village and on to Kingston.

Finger-prints were discovered on the window glass and Sunday Chief Wood and Undersheriff Haulenbeck secured the prints and had photographs taken. This is practically the only clue which was discovered which might be of aid to the authorities in apprehending the guilty parties.

Initiation Sunday Afternoon by Court Santa Maria With State Regent Present—Music and Refreshments Follow Ceremonies.

Court Santa Maria, No. 164, Catholic Daughters of America, held an initiation Sunday afternoon at the K. of C. building on Broadway, thereby adding sixteen new members to the court. The hall was taxed to its capacity with the large number in attendance.

The court was honored by the presence of State Regent Mrs. Mary McNeirney of Mechanicville, N. Y., and large delegations of Catholic Daughters from Middletown, Catskill, Newburgh, Hudson and Santa Maria, of Saugerties. Several officers of each of the visiting courts accompanied its delegation so that each officer of Court Santa Maria appeared as hostess with the visiting officers, honoring her station. The hall was beautifully decorated. Huge baskets of chrysanthemums, autumnal foliage and the softly shaded lights with gray streamers converted the hall into a veritable fairyland.

At the conclusion of the conferring of the first degree, a piano solo, "The Rosary" by Nevin, was rendered by Miss Gertrude Rafferty, organist of the court, which, judging by the applause, was more than appreciated by all present. Miss Loretta C. Netter, a soloist of St. Mary's choir of this city, rendered very acceptably "Calling Me" by Bryer.

On behalf of Mrs. William H. Rieser, who was in charge of the musical program of the day, Mrs. E. T. Shults announced that Mrs. Rieser found herself in somewhat of a quandary relative to her program. Four of the five soloists upon the program, Mrs. A. William Leary, Miss Marguerite Keating, Mrs. Robert Liscom and Mrs. Peter Gilson, through no fault of their own, were unable to appear. Here Mrs. Shults voiced the sympathy of the court for Mrs. Gilson's sad bereavement in the death of her husband a week ago.

So it devolved upon Mrs. Rieser to complete the program. Mrs. Shults announced that Mrs. Rieser would sing an arrangement of Drorak's "Largo" from the New World Symphony adapted to the words "Goin' Home," adding that "No doubt many of the assemblage would recall the 'Humoresque' so very popular as one of this composer's happiest inspirations."

The speaker said that Mrs. Rieser needed no introduction to any Kingston audience, but since there were so many visitors present she wished to say a few words. Mrs. Rieser comes from a very musical family. Her grandfather was a member of the Symphony Orchestra of the Court of the King of Bavaria. His seven brothers were all musicians of prominence. Mrs. Rieser's four cousins were soloists in Anton Seidl's Symphony Orchestra. Joseph Eller, a fine performer on the English horn, is also a cousin, and he is prominently mentioned in an article by Walter Damrosch in a recent issue of the Ladies' Home Journal, as one of the finest horn players that ever graced a symphony orchestra. Court Santa Maria feels highly honored in having so talented an artist for a member. Needless to say the selection was greeted with the most of unalloyed applause which it merited.

In response to the repeated applause and requests from all sides for "Dixie," the grand regent had Mrs. Rieser stop before the assemblage and say a few words to the sisters. At the same time the grand regent promised to have Mrs. Rieser sing "Dixie" at the conclusion of the afternoon's ceremonies, so that the candidates might have the pleasure of hearing it. When Mrs. Rieser favored the court with "Dixie" in her own inimitable style, she was obliged to repeat it in response to the continued applause.

The grand regent, Mrs. McCutcheon, called upon the state regent to address the assemblage. Mrs. McNeirney spoke very eloquently on good of the order and also told of its wonderful growth. It now has a membership of 125,000. Mrs. McNeirney also brought the glad news that the supreme regent, Mrs. Genevieve H. Walsh of New York city, who has been ill in a hospital since last May, was removed to her home a few days ago and is slowly improving.

The following visiting officers also addressed the court: Mrs. Margaret Lynan, district deputy and grand regent of Court Quilts, Poughkeepsie, who told about Court Quilts' home recently purchased and commented Court Santa Maria for her start in this direction; Mrs. T. O'Brien, grand regent of Middletown Court; Mrs. Heister, grand regent of court at Catskill; and Mrs. Kehue, grand regent of Court Patricia of Newburgh.

At the conclusion of the ceremonies delicious refreshments prepared by Miss May Passenauer were served and a social hour followed. Altogether a most enjoyable day passed all too quickly for Court Santa Maria.

PHILLIPS CASE GOES TO JURY WEDNESDAY

By Telegram to The Freeman. Los Angeles, Nov. 12.—The jury trying Clara Phillips for the "hammer murder" of Albert Meadows, today was to hear Defense Counsel Herrington's argument that his client be freed.

Faced with the task of convincing the jury of the soundness of his plea of "epileptic insanity" which rendered blank the mind of his fair client for the period during which the pretty bank clerk was hammered to death, Herrington was expected to speak all day and part of tomorrow.

Deputy District Attorney Fricke will close with a plea on behalf of the state that the death penalty be exacted for the crime. The case is expected to go to the jury probably Wednesday.

Docker's Garage Robbed. Daniel Docker of No. 333 Foxhall avenue reported to the police Sunday that some time that morning his garage had been entered and articles to the value of \$80 stolen.

Some women are born beautiful; others acquire beauty. Dr. W. Augustus Pratt, famous New York plastic surgeon, helps 'em acquire it. With one preparation he removes blemished skin from the face, which he then covers with rice paper until a new and beautiful skin replaces the old one. For those women who want large, soulful eyes a slight slit in the corner of the eyeball, a pulling back of the skin of the eye—and they have 'em. An application of frozen carbon dioxide removes blemishes and birthmarks in ten days.

TORRE ROBBED, THEN BURNED

Erwin's Lane 6666—Carried No Insurance—Offers \$100 Reward for Arrest and Conviction.

Sunday morning between 3:30 and 5:30 o'clock the store of Charles Czerwinski, situated on the Wendale road, about one and a half miles from the city line, was robbed and completely destroyed by fire. Mr. Czerwinski, who lives near the store, was awakened at about 3:30 o'clock and found the store a mass of flames. By the time he reached the scene the fire was too far advanced to stop its progress and the building burned to the ground.

The store was conducted by Mr. Czerwinski as an ice cream and confectionery establishment and was recently built. There was no insurance on either the building or its contents. The loss is estimated at \$100. Furniture consisting of tables, chairs and ice boxes were the main articles. Mr. Czerwinski stated this morning that he would give \$100 reward for the arrest and conviction of the plunderers. It is thought that robbery was the motive, as articles were found strewn along the road leading to this city.

DIES OF WOUNDS INFLICTED BY BULL

Ellenville, Nov. 12.—The funeral of Robert Augustus Divine, 61, who died at his home near Kerhonkson from injuries received a week before when he was attacked by an ugly bull, was held Friday afternoon.

Mr. Divine was trampled and gored by the bull, which was killed by neighbors who rushed to the injured man's assistance. Mrs. Divine, attracted by her husband's shouts for help, released their dog, which fought off the bull while Mrs. Divine summoned aid.

JENSEN'S WORK SHOWN AT ART CENTER OPENING

The trustees of the newly organized Art Center of the city of New York have opened the beautiful building of that organization at 65-67 East 56th street in that city, with an exhibition of hand beaten silver made by Georg Jensen, the celebrated Scandinavian silversmith. Invitations to see it issued by the trustees, have been received in Kingston. The patrons are: Mrs. John W. Alexander, Mrs. John Henry Hammond, the Hon. George Beck, Mrs. John Hitchcock, the Hon. Alphonso T. Clearwater, Halvor Jacobsen, D. Desautel, Mrs. Henry P. Loomis, the Hon. Maurice Francis Egan, Samuel T. Parrish, Mrs. Elihu Root, Jr.

Jensen is recognized as one of the greatest craftsmen of his age. He won the distinction of having examples of his work purchased by the Louvre Museum, and last year was made an honorary member of the Paris Salon. He was awarded the Grand Prix in an exhibition in Brussels, and received this honor in the autumn of 1920 in an exhibition at Copenhagen. He has been compared to the great Florentine artist, Benvenuto Cellini.

Clermont Hall Dances.

Morris Munitz, who has been conducting dances for the past season at Clermont Hall, corner of Wall and John streets, will hold regular dances on Monday and Saturday nights, commencing tonight. Mr. Munitz has secured the Metropolitan orchestra of Newburgh to furnish the music, and will have some special attraction each week. Dancing will be held from 8 to 12, and a good time is promised all who attend.

Plate Glass Broken.

A large plate glass at the end of the show windows of the Newark Shoe Company in the Clermont building, Wall street, was broken this morning, the glass having been struck by a knob on the time clock attached to the entrance door to the store, the door having been opened too far from the inside by one of the employees in going out.

DR. BARKER HERE WEDNESDAY

Dr. Charles E. Barker, who will deliver three lectures in this city on Wednesday, is a Doctor of Hygiene and Physical Culture, having been granted university degrees as such.

During the four years that Chief Justice William H. Taft was in the White House Dr. Barker was his health adviser, and under his direction for an hour each morning Mr. Taft followed a system of exercises that kept him in splendid physical condition.

For the six years following the close of the Taft administration Dr. Barker devoted his winters to lecturing to the general public on health under the auspices of the International Committee of the Young Men's Christian Association, and in the summer months he was on the Redpath Chautauqua platform, and became their leading health lecturer.

Dr. Barker first came to the attention of the Rotary clubs in general when upon the initiative of John Napier Dyer, then First Vice-President of the International Association of Rotary Clubs, he delivered before the 1919 International Rotary Convention at Salt Lake City his now famous address on "A Father's Responsibility to His Son." So profound an impression was made by him on that occasion that requests came from Rotary Clubs in all quarters for the doctor to speak in their cities. During the 1919-20 season Dr. Barker delivered his series of addresses in 66 cities of Rotary and in the fall of 1920, after the Rotary International board of directors, had become thoroughly convinced of the great value of Dr. Barker's work, he began to devote his entire time to the Rotary Clubs.

Dr. Barker delivers three addresses, one at 1:30 p. m., to high school boys and girls on, "How to Make the Most Out of Life," one to men at 8 p. m., on, "A Father's Responsibility to His Son," and one to women at 3:30 p. m., on, "A Mother's Responsibility to Her Daughter." The lecture will be given in the High School Auditorium. No admission charge and no collection.

KINGSTON TEAM HAS GOOD RECORD

Leads in League Standing And Is Second in Scoring Points—Borgeman Heads Players' List—Amsterdam Here Wednesday.

Saturday evening at Albany Directors and managers of the New York State Basketball League held a meeting and discussed a number of important topics. Action was taken in regard to having games start on time. New York players, it was ruled, must leave the metropolis not later than 3:30 o'clock. Games will start at Schenectady and Cohoes at 8 o'clock, in this city at 8:30 and at other cities at 8:45. Several applications for referee jobs were received and two or three will be given tryouts.

The records of the teams were also announced, as well as the records of the players. Albany leads the teams with Kingston a close second. Borgeman still leads the individuals with Ricoda on his trail. Friedman is also near the head of the list as C. Powers.

Interesting contests are scheduled for this week. A number of the up-state clubs have added new players to their ranks and their work from now on is expected to be noticeable. The local squad has two good games this week, meeting Amsterdam on Wednesday evening on the home court and playing Cohoes on Friday night at the Spindle City. The local representatives begin their fourth week of the first half season with five straight wins, and local fandom is very anxious to see what team will take the first fall out of Morgan-week clan.

NEGRESS DENIES GIBSON STORY

Mrs. Russell Says "The Pig Woman" Was Visiting Her at Hour Mrs. Gibson Says She Saw Murder Party.

New Brunswick, N. J., Nov. 13.—A sensational conflict in testimony developed today in the investigation of the murder of the Rev. Dr. Edward W. Hall, rector of the Protestant Episcopal Church of St. John the Evangelist and the beautiful choir singer, Mrs. James Mills.

Mrs. Nellie Low Russell, a negress, living near Mrs. Jane Gibson, self-claimed eye-witness of the tragedy, reiterated her story that Mrs. Gibson was calling at her home at the hour on the night of September 14 when Mrs. Gibson claimed to have seen "the woman in gray" and a man companion at the scene of the crime and heard shooting.

Mrs. Russell's story, told in affidavit form, has been turned over to Deputy Attorney General Wilbur A. Nott by Timothy N. Pfeiffer, counsel for Mrs. Hall, the widow. It is a direct challenge to the truth of Mrs. Gibson's story and if it is proved true, will deepen the mystery which has already baffled the detectives for more than eight weeks.

Mrs. Russell said that about 9:45 o'clock on the night of September 14, she was preparing for bed and was winding her alarm clock when she heard a dog barking and, upon going to the door, saw Mrs. Gibson. She said that they sat down and talked for about fifteen minutes.

Mrs. Gibson telling of the theft of her dog, Mrs. Gibson, according to the affidavit, blamed a Hungarian man for taking the dog and told of going to the Hungarian's home where she seized the animal by force. She feared the Hungarian would have her arrested and wanted to talk to Mrs. Russell about it.

Mrs. Russell said she accompanied Mrs. Gibson to the latter's home when she returned, it was nearly 11 o'clock. A short time ago, Mrs. Russell added, she told her story to John Sylvester, Patrick Thornton and Lewis Eaply.

CHARLES RAMSEY MAKES A GIFT

Will Defray Whole Cost of Three-Story Sunday School Building For First Presbyterian Church, Doubtless First Offer—New Church to Follow.

Announcement of a new Sunday school building, three stories in height, which will be built and presented to the Elmendorf Street Presbyterian Church by Charles Ramsey, the well known piano hardware manufacturer of this city, was made to the congregation of that church at the morning service on Sunday by the Rev. Dr. Putnam Cady, the pastor.

For some time plans have been under way for erecting a new church, but it was deemed advisable first to erect a new building which would house the Sunday school and could be used for other church organization meetings and purposes. While such plans were being considered, Mr. Ramsey some time ago informed the committee in charge of the matter that he would match the cost of such a building if the committee would have plans prepared which should be approved by the church board, and secure estimates of the cost for such building.

During the canvass for funds for the new church building and the new Sunday school building, which were conducted separately, it was found that while the canvass for funds for the church was proceeding favorably, the proposition for the Sunday school building in abeyance until funds for the church had been raised.

Mr. Ramsey's reply to the committee was that the Sunday school building was just as important as the church, and that if the church board was unable to see its way clear to erecting the former building, he would see personally that the building was erected in accordance with the plans which had been approved.

The Sunday school building will be erected in accordance with plans prepared by Architect Gerard W. Betz and will be three stories in height. It will be attached to the main church edifice when the new church building is erected. The church organization must furnish the new Sunday school building with complete modern equipment for the purposes to which the building will be devoted.

Mr. Cady's announcement at the Sunday morning service came as a surprise to the congregation and their sentiments were voiced by the pastor in expressing the overwhelming gratitude to Mr. Ramsey for his generosity.

Ground for the new building probably will not be broken until spring.

HOME BUREAU COURSES BEGIN

Courses in Nutrition and Home Nursing Start This Week Under Direction of Ulster County Home Bureau.

The first of the nutrition training schools under the auspices and direction of the Ulster County Home Bureau will be opened this week, on Wednesday at Accord and on Thursday at Modena.

Last year's nutrition course study was carried on through a series of lectures, but this year's work will be carried on with local leaders, which plan has proved successful in other lines of Home Bureau activity during the past year.

The Accord meeting will be held at the Accord church hall at 10:30 o'clock Wednesday morning and the communities which will attend are Stone Ridge, Accord, Wawarsing, Allisville, Kerhonkson and High Falls. Miss Byrd, nutrition expert of the Cornell College staff, will be the leader at the opening Accord meeting.

The Modena meeting will open at the Modena church at 10:30 o'clock Thursday morning and the communities attending that meeting will be Hightstown, Modena, New Hurley, Shawangunk and New Paltz.

Miss Bertha Kingsbury, district nurse of the state department of health, will start a home nursing course at New Paltz on Thursday afternoon at two o'clock.

HUNTER'S DEER STOLEN.

While Getting His Car Somebody Makes Off With It.

Goshen, Nov. 12.—Many stories are told by deer hunters in Sullivan county. James Couch of Glenwild went hunting after he voted on election day and shot a fine buck. He left it in the woods while he went home to get his car. On his return he found that some one had stolen the deer.

Leo Nester, residing south of Monticello, where he keeps a boarding house, says he saw a buck racing across his dooryard Friday afternoon. He seized a hammer and gave chase, running neck and neck with the animal for some distance when it got away.

Herman Berger of Monticello was accidentally shot while driving his car in which were four companions, when the car hit a bump in a road-way, discharging the rifle. After passing through his leg, the bullet went through the gas tank, knocked two spark plugs from the engine and ripped a hole in the radiator.

RUPTURE EXPERTS IN KINGSTON

Demonstrate the Famous RICE METHOD Free To Callers at Hotel

If you are ruptured, your big opportunity has now arrived. If you would like to be free from the slavery of pain, pinching, chafing, trusses that make life a burden, then HERE and NOW is the time to act. J. M. Horton, an expert in rupture cases, trained under the personal direction of W. S. Rice, of Adams, New York, the famous discoverer of the Rice Non-Surgical Rupture Method, will be at the Stay-Vacant Hotel, Kingston, N. Y., after-noon and evening of November 14, and all day and evening of November 15.

J. M. Horton is here to personally demonstrate to all ruptured people what the Rice Rupture Method can accomplish. You have, no doubt, heard and read much about this famous Method and the cures which thousands have reported from it. Now, you have the chance to find out all about it—to have it demonstrated to you and to see what it can do in YOUR OWN case. Just call at the hotel and J. M. Horton will give you his personal attention, his best advice and complete demonstration absolutely without charge.

Are you tired of that binding, hampering, uncomfortable truss? Would you like to be free of it forever? Then investigate this Rice Method and find out the possibilities it holds out. Surely a Method that could cause so many thousands of former rupture sufferers to report cures must be worthy of your full and complete investigation.

The Rice Method is different from anything else. It is modern up-to-the-minute, latest of the latest developments. It is the one Method that you are not asked to take on faith alone—the one Method that is positively demonstrated to you, right on your own person, without any charge whatever. You do not spend a penny unless, after having a full and complete demonstration, you decide that this is the Method for you. And you—alone—are the sole judge of that.

In justice to himself, come in and see J. M. Horton. Remember, he be here only two days, then your opportunity will be gone. Grasp it NOW. It may prove to be the wisest thing you ever did, and anyway, it costs you nothing to find out.

Remember, come to the Stay-Vacant Hotel, any day from 9 to 12 forenoon, 2 to 5 afternoons or 7 to 9 in the evening. The dates are Nov. 14 and 15.

Don't let this opportunity get away from you.

CURRENT OFFERINGS AT THE THEATERS.

Today is essentially the age of the survival of the fittest and this axiom applies in every line of business. There is always some one particular company pre-eminent in its line, and therefore when the Opera House claims that this week it is presenting the finest stock company in the United States, this statement is worth looking into. The Champlin Stock Company tonight presents "East is West." Tomorrow matinee and night: "Experience" will be the offering.

Marion Davies in "Beauty's Worth" at Keeney's tonight and Tuesday pictures the transition of a quiet and shy little Quakeress in to a much sought after society belle. Robert G. Gareth Hughes in "Little Eva Ascends," a human, humorous comedy drama of barnstorming life, is the photoplay at the Auditorium tonight and tells the story of a youth who played the part of "Little Eva" in "Uncle Tom's Cabin" until he started a rebellion. Tuesday a story of circus life, "One Empty Shell," with a notable cast, also Art Acord in "Buffalo Bill."

TENEMENT FIRES CAUSE CONFUSION IN NEW YORK

By Telegraph to The Freeman. New York, Nov. 13.—One hundred families were driven from their homes by three tenement house fires in thickly congested districts early today. One fire at 750 Tenth avenue was marked by thrilling rescue of 20 women and children who were carried down ladders to safety by firemen.

Thirty two families fled in terror when a blaze was discovered on the roof of the six-story house at 100 Oliver street.

Fire which broke out in a laundry on the first floor of the tenement house at 49 Rutgers street, forced more than 200 persons—members of 45 families—from their homes.

SIX BLOODHOUNDS ARE SEEKING TRAPANIO'S TRAIL.

It is thought that Trapanio is hiding in that vicinity.

CARPENTER YEARNS TO REGAIN TITLE

Paris, Nov. 3.—George Carpentier, who lost his title of light heavyweight champion of Europe to Battling Siki, the negro, today appealed to the French Boxing Federation to reconsider the penalty vacating Siki's title and barring him from the French prize ring for nine months. Carpentier said if the Federation would lift its ban, he would willingly fight the negro again in an effort to regain his title.

PIROMANIAC BUSY; CHILDREN ENDANGERED

By Telegraph to The Freeman. Chicago, Nov. 13.—Three persons were injured, one possibly fatally, and a dozen women and children were saved in thrilling rescues early today in a fire believed to have been incendiary, which caused \$15,000 damage to a West Side apartment building. Fire Attorney Shirley T. High immediately began an investigation. Numerous fires here recently have been charged to the work of a pyromaniac.

NEW RASPBERRIES NAMED.

Cayuga, Owasco and Seneca Described as Promising New Varieties. Horticulturists at the experiment station at Geneva have just named three new red raspberries which originated on the station grounds and which the station authorities believe to be exceptionally fine. PROPOSE BRINGING BECKETT HERE

Richard's Plan To Match Him With Gibbons Gives Public No Credit For Intelligences.

By Davis J. Walsh.

By Telegraph to The Freeman.

New York, Nov. 13.—Battling Siki having attended to the business of self-elimination, it is now proposed to bring Joe Beckett, the British tanglefoot, to New York for a bout with Tom Gibbons within a matter of months. The winner is to be given a match with Jack Dempsey, according to the plans of Tex Rickard.

That seems reasonable. So does yellow fever. Gibbons' record would seem to indicate that he is the superior of the American stoker who came up out of the engine room some nights ago to knock out the esteemed heavyweight champion of Germany. Let him now prove that he is a better man than Beckett, the deep sea diver. This done, Gibbons will have earned his chance with Dempsey, according to Rickard.

Of course, just to make the qualification more certain, they might try Gibbons out against Tut Jackson, Farmer Lodge, Roscoe (Fatty) Arbuckle, Paul Whiteman, John McCormack, the Irish tenor, and other citizens of embonpoint. Anything, in fact that might contribute to the fact of Gibbons' general worthiness.

Beckett, of course, would be the clincher. He is the heavyweight champion of England, which means that he is reasonably certain of beating almost any welterweight, who happens to have an off-night. He couldn't last a round against Carpentier, who was knocked off by Dempsey in four rounds; therefore if Gibbons is the winner, there will be nothing for it but to match him with the champion. It will be one of those fights that "the public demands."

As far as that goes, Gibbons quite possibly is a worthy opponent. But the dear, old build-up must run its course. In this case it is the result of frustrated plans, in which a man and a woman, who fell in love, were brought on for a bit of fictitious hippodroming. First off, he was to be matched with Kid Norfolk, the big being small and not particularly dangerous. If Siki survived, he would then have been tossed in with Gibbons, Greb or some real fighter, deprived of his pseudo title in short order and sent on his Seagambian business, pronto.

But Siki is in bad favor abroad and certainly cannot be used in New York. Therefore, Beckett, or anyone who happens to possess a title, whatever its repute, Beckett has been beaten by almost every heavyweight who could lift a hand. His victims have been pushed over and has-beens. It is nothing short of ironic to match him with Gibbons.

DOROTHY GORDON WRECK FROM ASYLUM EXPERIENCE

By Telegraph to The Freeman. Baldwin, N. Y., Nov. 13.—Dorothy Gordon, the beautiful young heiress now held in the McLean Asylum for the insane at Waverly, Mass., was "perfectly sane" when she was placed there, her aunt, Mrs. John D. Gardiner, asserted here today. Mrs. Gardiner's husband is now in Boston where his suit to remove William Jardine as the girl's guardian is now in progress. Jardine is alleged to have caused Miss Gordon's commitment to the asylum.

"Dorothy was perfectly sane when she was placed in the asylum following her mother's death," Mrs. Gardiner said. "She has been made a nervous wreck, however, by being held in a crazy house. As a young girl she was slow in learning her lessons but she never gave any indications of insanity as her former teachers can testify."

ACCORD.

Accord, Nov. 3.—The Jr. O. U. A. M. will hold an oyster supper and dance on Wednesday evening, November fifteenth, at the Accord I. O. O. F. Hall. Supper will commence at six o'clock. An Ellenville orchestra has been secured for the occasion, which will furnish music during supper and for dancing afterward. The entire proceeds of this supper and dance will be turned over to the "Community Christmas Tree" fund to be used exclusively in helping to make the coming holiday the happiest ever for our youngsters.

Because of embargoes in effect on several railroad lines, mail stone has this week been shipped by auto truck to New Jersey points.

The residence of W. W. Davenport narrowly escaped destruction by fire Wednesday evening. The fire started in the basement near the heater from an unknown cause. Help was summoned by telephone and the blaze was extinguished before serious damage was done.

On Friday night, November 17, at I. O. O. F. Hall, Accord, Hal Eppes promises to give us a first class evening's entertainment. There will be two one act sketches, followed by dancing. Good music. Refreshments consisting of frankfurters, rolls, coffee, cake, ice cream, soft drinks. This entertainment is given for funds to continue the community sings. The following committees for the evening have been appointed: Frankfurters and rolls, Mr. and Mrs. Millard Davis and Mr. and Mrs. Albert Myers; cake and coffee, Mrs. Daniel Schoonmaker, Mrs. Henry Devore and Mrs. Elmer Smith; ice cream, Mr. and Mrs. Townsend Osterhout; soft drinks, Mr. and Mrs. DeWitt Barley.

The social meeting of the Country Women's Club has been postponed until Thursday, November 23, and will be held with the business meeting at the Methodist Church Hall. Dinner will be served at noon.

DEMOCRATS WEIGH WILSON'S WORDS

Fear Is That He May Inject League Into 1924 Campaign—Leaders, After Vote Just Cast, Want Soft Pedal on That Issue.

By Telegraph to The Freeman.

Washington, Nov. 13.—Woodrow Wilson's belief that the League of Nations is not yet a dead issue so far as this country is concerned and his plain inference in the speech of Saturday that it will likely crop up as one of the major issues of 1924, caused a profound stir today in Democratic political circles in the capital.

Democrats of every shade of opinion were studying the utterances of the former president today, seeking to divine, if possible, his future political plans. Yet, notwithstanding the widespread interest in the speech there were few Democrats who cared to comment on it today even privately.

It can be stated, however, that to the rank and file of Democratic leaders in Washington, the prospect of fighting the league issues all over again in 1924 is not an alluring one. The vision of making their political bid for the White House two years hence with the ill-starred league as a foundation rock, is, on the contrary, distinctly disconcerting to many Democratic senators and representatives.

Democrats who never were more than lukewarm toward the league were quick to point out today that the widespread Democratic success at the polls on Tuesday could by no means be interpreted as a swing of national sentiment toward the league or toward greater entanglement in Europe's affairs.

They pointed out that the only two Democratic senators to go down to defeat on Tuesday were prominent pro-league senators—Hitchcock in Nebraska, who led the senate fight for Mr. Wilson, and Pomerene in Ohio, who made a number of brilliant speeches for the league during the long fight that preceded its rejection.

On the other hand, the most pronounced anti-league Democrat in the senate "Jim" Reed of Missouri, won notable victories in both primary and election, and in both of these campaigns he stood squarely on his record of bitter opposition to Mr. Wilson's pet ideal.

Most Democrats believe their success on Tuesday was due to the voters' reaction on taxation, tariff, agricultural discontent and prohibition—and not to any conviction on the part of the people that they made a mistake in turning down the league in 1920. The rank and file of Democrats believe the election was won on domestic issues and they believe these same issues should be projected into prominence in 1924.

Mr. Wilson's assertion, therefore, that "many persons who are now standing in the way will presently find their weakness is not a match for moving Providence," is somewhat alarming to many Democrats who would just as soon see the league forgotten.

It may or may not be significant, but a study of Tuesday's election indicates a powerful expression of American opinion against foreign entanglements. Fourteen senators who voted for the four-powered treaty on the Pacific, will be missing in the next senate. Three of these, Myers, Democrat of Montana; Page, Republican of Vermont, and Williams, Democrat of Mississippi, retired voluntarily. Eleven others, Calder, Dupont, Frelinghuysen, Kellogg, McCumber, New, Poindexter, Pomerene, Rawson, Sutherland and Townsend, were retired by their constituents.

Seven senators who voted for the Pacific treaty were returned—Hale, Lodge, McLean, Pepper, Kendrick, McKellar and Trammell.

Of the ten senators who opposed the four-powered treaty and stood for re-election, eight were returned for another term—Reed, La Follette, Johnson, Ashurst, Gerry, King, Pittman and Swanson.

Apart from these illuminating results, of the new senators elected, Brookhart in Iowa, Frazier in North Dakota, and Howell in Nebraska are avowedly against any form of alliances with the old world and campaigned as such.

MORE ON PROBATION.

Collections by Probation Officers Show Increase. A marked increase in the number of adults placed on probation and a large decrease in the number of children placed on probation by the courts throughout the state, and an increase of \$133,690.40 in collections by probation officers from offenders placed on probation for failing to properly provide for their wives and children, are the outstanding facts in a statement compiled by the State Probation Commission to be read at the Fifteenth Annual State Conference of Probation Officers which will be held at the Ten Eyck Hotel, Albany, on Monday and Tuesday, November 13 and 14.

WOMEN DOMINATE BRITISH ELECTION

London, Nov. 13.—Wednesday's parliamentary contest will be a "women's election," it was generally agreed by political experts today. Because of the preponderance of women voters over the men, it is admitted that the women can turn the tide even if only 80 per cent of them vote.

As the campaign draws to its close, leaders on both sides are concentrating their efforts to get all voters—both male and female—to turn out Wednesday. Despite the importance of the issues involved, the voters are showing unexpected apathy.

Premier Andrew Bonar Law returned to his old home town of Glasgow today for a final appeal to his constituents. The premier is standing from the central division of Glasgow.

Former Premier Lloyd George continued his tour of his homeland—Wales—appealing to his fellow countrymen to support his candidates. Lloyd George is standing for election at Carnarvon, Wales, where his fellow townsman refused to put up any candidate against him.

The Rumanian commission comprised M. Antonesco, judge of the Rumanian supreme court, and C. Antonesco, judge of the court of appeals at Bucharest and chairman of the consolidated commission at Paris.

RIDES, REELS AND RUM

PUT GIRLS "ON THE BUM"

New York, Nov. 13.—"Rides, reels and rum are the three chief causes of the downfall of young girls, and the newest of these is rum," Vincent T. Pissarra, superintendent of the Society for Prevention of Cruelty to Children declared in an address on modern lures.

"The hip-pocket flask has become a national menace to American girlhood," continued Pissarra. "Liquor is held out as a lure. Many a great many girls, who in other years would not have tasted liquor, now think it is the smart thing to do. The young man who carries a flask on his hip is the popular fellow and is much sought after. The success of his party is assured."

FAST TRAIN CRASHES INTO AUTOMOBILE

Binghamton, N. Y., Nov. 13.—

Speeding at more than a mile a minute, the Lackawanna Limited, a crack train of the Lackawanna Railroad, crashed into an automobile in which Harold C. Westfall of Binghamton and members of his family were riding and completely demolished the machine at Willow Point.

Westfall, a student at Syracuse University, was the most seriously injured. Other members of the Westfall family who were only slightly hurt in the crash were Mr. and Mrs. Wallace B. Westfall, their daughters Beatrice, Marjorie and Florence, and William Leonard, 17, driver of the car.

N. Y. FREIGHT HANDLERS THREATEN TO STRIKE

Newark, N. J., Nov. 13.—A complete tie-up of freight movements in and out of New York Harbor was threatened this afternoon as a result of the walkout of 100 freight handlers at the Waverly transfer of the Pennsylvania Railroad.

W. E. Packer, assistant general chairman of the Pennsylvania System Board of the Brotherhood of Railway and Steamship Clerks, Freight Handlers and Express and Station Employees, said that he expected the freight handlers employed on the terminals in New York Harbor to strike in sympathy within 24 hours.

NICHOLS TRIES TO STOP LODGE-GASTON RECOUNT

Boston, Nov. 13.—Acting for

John A. Nichols, defeated prohibition candidate for United States senator, Conrad W. Crocker, chairman of the Liberal Republican League, prepared a petition to be filed with the superior court today asking an injunction to stop the Lodge-Gaston recount. The injunction sets forth that Nichols has been refused representation at the recount but has not been served with a notice and that no count has been made of the votes cast for him.

Deer Season Near Close

Since the season for deer hunting opened November 1, hunters from all parts of the state journeyed to the Catskills to try their luck with the big animals. Deer have been quite plentiful this season and the luck of the hunters good. Sunday many automobiles could be seen with deer strapped to the side of the car. A number of cars were seen to have two or one strapped on each side on the rear board. Reports from Pine Hill state that so far this season hunters to the number of thirty-five came out of the woods at that place with deer. The season for deer closes on Wednesday of this week.

Found Drowned

Waterbury, N. Y., Nov. 13.—George Muehli, 59, of Hephzibah, was found drowned, the body hanging over the side of his rowboat, on the south shore of Black river. Apparently the man had fallen from the boat. His body was found beneath a protruding concrete pier, which held his head down in the water.

LEGION FORECASTS NEW BONUS BILL

Washington, Nov. 13.—A soldiers' bonus bill, acceptable alike to the veteran and to the country, will be enacted into law by the Sixty-eighth congress, American Legion officials declared here today in making public tabulations showing overwhelming majorities in both house and senate of the compensation legislation.

The recent election, according to John T. Taylor, vice-chairman of the Legion's national executive committee, was a stupendous victory for the ex-soldiers.

"Viewed from a non-partisan angle," he said, "the result clearly demonstrates that the sentiment of the country is behind this legislation for veterans of the World War. The great mass of the people, keenly aroused at the hypocrisy displayed, resented their senators and congressmen voting against their expressed wishes, and showed this by sending the faithful back to private life."

"Of the nineteen senators up for re-election who voted for adjusted compensation last September, thirteen were re-elected. Fifteen of the eighteen newly-elected senators favor the soldiers' measure. The list of anti-compensation senators has been cut from 23 to 24, as follows:

William, of Mississippi; Myers, of Montana; and Page, of Vermont, not candidates for re-election; and Watson, of Georgia, has since died."

Only three of the newly-elected senators are opposed to the measure. These added to the 24 hold-over senators opposed, gives the anti-compensation group a maximum voting strength of 27. The 15 new favorable votes coming to the senate as a result of the election, gives the adjusted compensation bill 69 votes, or a clear majority of 15 in excess of the two-thirds required to override a presidential veto.

The new house of representatives is more than eight to one in favor of the bill. Nineteen of the 74 opponents were defeated in the election and four were not candidates for re-election."

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, Nov. 13.—Most of the leading issues were again under pressure at the opening of the stock market today.

The General Asphalt issues were in large supply, the common falling 3 1/4 to 4 1/4, while the preferred yielded 3 points to 77. Steel Common rose 1/4 to 105 1/2, but Baldwin was 1/2 lower at 125 1/2. The rails were fractionally lower, Reading falling 1/4 to 78 1/2. Standard Oil of California dropped 1 point to 118 and Utah yielded 1/2 to 61.

Pool liquidation came into the market on a large scale during the forenoon, but what substantial declines were sustained. Steel Common fell to 104 1/2, Baldwin Locomotive dropped to 126 1/2. Houston Oil fell 2 points to 69; while American Locomotive, American Tel. & Tel. and Standard Oil of California declined a point a piece. The rails were also weak, although the losses were fractional.

The market continued unsettled during the afternoon. Marine Preferred dropped over 4 points to 48 1/2, while the common yielded 2 1/2 to 10 1/2. Steel Common rallied 1 point to 106. The rails showed a better tone, Reading coming back 2 points from the low to 80 1/2.

The market closed unsettled; government bonds unchanged; railway and other bonds unsettled.

CULLOTON COACH OF FORDHAM FIVE

Candidates for the 1922-1923 Fordham varsity basketball team will report to Bud Culloton this afternoon for the first practice of the season. Culloton succeeds as coach Eddie Butler, former Cornell and Crescent Athletic Club star. It had been the intention of Frank Gargan, graduate manager of athletics at Fordham, to reengage Butler for this season, because the latter did very well with the 1921-1922 Fordham quintet. Saturday, however, Butler notified Gargan that because of business reasons he would be unable to coach the Maroon court team this year. Butler recommended Culloton for the position and Gargan immediately signed him.

Culloton was a guard on the 1919-1920 and 1920-1921 Fordham teams, both of which he captained. Last season he coached the Fordham freshman five, which won the greater part of its games. Culloton will have four regulars from last season's varsity team around whom to build a team. They are Capt. Ed McMahon, Lou Healey, Vinnie Cavanaugh and "Polly" Crowley. Both Healey and Crowley, however, will be busy for the next two weeks with varsity football. From the freshman team Culloton will have Tex Landry, Ralph O'Connell, Donald Driscoll and Jack Ledy. The only regular on the freshman five who will not report is Frenchy Seagrave, who did not return to college this fall.—New York Herald.

HIGH SCHOOL LOSES ITS LAST LEAGUE GAME VERY DECISIVELY

Ends League Season Without a Victory—Bellinger and His Newburgh Co-Workers Roll up 20 Points to Locals' None—Binghamton Next.

Saturday Newburgh Academy clinched the championship of the Central Hudson Valley Football League by defeating the team representing Kingston High School 20-0. Kingston started off like a race horse, carrying the ball down the field at a terrific speed, making three successive first downs in eight plays, then fumbled and lost the ball. They held Newburgh and held the first quarter. In every way the Maroon and White team was the better of the two all through that period. But the second term brought other results. Kingston began to loosen up on the defense and Newburgh made the most of it. Bellinger scoring a touchdown shortly after the period opened. The locals seemed to come back after the down river hunch made their points, and they held the Blue and Gold team very well the rest of the quarter. During the second quarter Vogt was injured and had to be taken out of the game. But Davis called signals and took his part very well as quarterback. The second half was entirely Newburgh's, getting two more touchdowns. During the first few minutes of play the Maroon and White seemed to revive and started a severe attack against the Hills City lads, only to lose the ball on downs, because a penalty of fifteen yards proved too much for them to overcome. Newburgh was again headed for a touchdown when the game ended.

It cannot be said that the Kingston team did not fight. Every man appeared to be doing his best to win the game, but it was to no avail. Newburgh has a team built up around a star, Bellinger. Their plays seem to all fit in just right for his swiftness, and when the ball gets to the right place and a weak spot appears near the end of the opponent's line, a touchdown by Bellinger is usually the result. Bellinger is every bit a football player, his excellent offensive work deserving as much credit as his ability to make touchdowns. However, he is not the only man of the down river team. Calver, Cohen and Kilmarin deserve much credit for their work on the line, and Taylor in the position of quarterback is there with the goods, too. For Kingston, Colvin and Anderson did much good work in the backfield, and Leverett and Davis upheld their part very well on the offensive. On the defensive, Colvin stood above the other backs for good work. O'Reilly, McFane and Fred Anderson showed up excellently on the line. Kingston's weak spot on the offensive was the lack of interference for the runner, and on the defensive the poor secondary defense formed by the backfield. End runs are a huxley for Kingston, many yards of Newburgh's gains being the result of such plays. Next week still practice will be in style for the members of the squad, perhaps including tackling practice on the dummy. A very strenuous week of training, and more training must be indulged in if Kingston is to win against Binghamton next Saturday.

At the two teams dressed for the game the Parent-Teacher Association of the Academy was holding a cake sale. After the game they gave a lunch to the members of the two teams, consisting of hot dogs, rolls, potato salad, and cake. Kingston fans will be glad to hear that Meshane, captain and regular full-back for Newburgh was able to view the game from the side lines, after having been laid up due to injuries to his leg in the Newburgh-Kingston game at Kingston. The down river school is hoping strongly that he will be able to play in the toughkeepsle-Newburgh game next Saturday, and from all indications he will.

Summary.
First Quarter.
Bellinger kicked off to H. Anderson, who ran the ball back to the thirty yard line. Two center rushes netted Kingston five yards, then Anderson "bore" around right end for three more. Davis made three and a first down on an out tackle play, Colvin around left end for a loss of two yards. MacFadden completed a forward pass from Vogt and made twenty-five yards and another first down. Anderson went around right end for nine yards and Colvin completed the first down by gaining two yards on a run around left end. Anderson failed to gain on a run around right end, and then an intercepted pass gave the ball to Newburgh. Moore hit center for no gain, and Bellinger twice failed to gain on end runs. Bellinger kicked thirty yards to Colvin who ran back twenty yards with the ball before being downed. A shift play failed when Anderson made no gain off tackle. Anderson around right end for no gain. A forward pass failed when Davis fumbled the ball, then Davis kicked twenty-five yards, but Newburgh made no gain by running back. Bellinger went off tackle for one yard, a center rush failed to produce anything. Bellinger romped around right end for what appeared about fifteen yards, but he had run out of bounds and the ball was brought back giving him five. Moore made a first down on an out tackle play. Vogt blocked a forward pass. Newburgh drove back to a kick formation and Moore carried the ball off tackle for twenty yards and a first down, ending the Kingston players who had spread out for either a kick or a pass. Taylor around left end for a scant yard. Bellinger off tackle for two, Tunstall off tackle

for a scant yard, and Bellinger around right end for five gave Kingston the ball on downs. Colvin made four yards on a run around right end, and four more through tackle, and Anderson made four more and a first down through tackle. Colvin smashed through center for five yards, and then the whistle blew closing the first quarter, with the ball in Kingston's possession on Newburgh's twenty-eight yard line, our second down.

Second Quarter.
MacFadden opened the second period with a gain of four yards around left end. An incomplete pass and center rush with no gain gave Newburgh the ball on downs. Tunstall made four yards around left end. Taylor one on a center rush and Bellinger six and a first down off tackle. Incomplete forward pass. Bellinger right end for three yards. Tunstall center rush for six and Bellinger center for additional yard and first down. At this point Fred Anderson was hurt. Simmonetti replaced Davenport at guard and Davenport took Anderson's tackle. Moore made eight yards around right end, and a center rush gave them another first down. Bellinger broke loose on a trick play and ran around left end twenty-five yards for a touchdown, getting the ball on a lateral pass from Taylor just as the latter was about to be tackled. In attempting to tackle Bellinger, Vogt again hurt his shoulder and was taken out of the game. Leverett taking the position of full back and Davis quarter. Taylor failed to make the extra point by a drop kick.

Bellinger kicked off twenty-five yards to O'Reilly who ran the ball back ten yards. Anderson through tackle with no gain. Anderson around right end for eight yards, Leverett through center for a first down. Colvin around left end for twenty-three yards and another first down. Anderson center rush, no gain. Anderson around right end on a lateral pass from Davis three yards. Newburgh men got in and spoiled a forward pass. Another incomplete pass and the ball went to Newburgh on downs. Tunstall off tackle two yards, Bellinger six on similar play. Tunstall through center for two and a first down. Bellinger left end for a scant yard, incomplete pass. Taylor left end for no gain, and Bellinger kicked out of bounds. MacFadden came back and around the left wing for six yards. Davis through center for two and the half ended with the ball in Kingston's possession on their own forty yard line second down with two to go.

Third Quarter.
Davis kicked twenty-five yards to Cohen who dropped the ball and fell on it on the thirty yard line. A forward pass to Thompson from Taylor advanced the ball to the forty-yard line and gave them a first down. Moore went around left end for ten yards and another first down. A center rush gave them no gain. Bellinger broke loose again in a trick play and beat it around left end for his second touchdown of the game. Taylor drop-kicked the extra goal. Bellinger kicked to Colvin who ran the ball back to the thirty-eight yard line. A center rush for two yards, an incomplete forward pass then Colvin hit the line hard and carried the ball through tackle for fifteen yards and a first down. Leverett went around left end and around right end for three more and a first down. Kilmarin broke through and mugged up a forward pass. Colvin lost one yard on a wide run around left end, Leverett evened it up by gaining one yard around right end, then Davis kicked forty yards to Taylor who ran the ball back ten yards before being downed. O'Leary made nine yards on a run around right end on a lateral pass from Taylor, Bellinger keeping out to draw the Kingston end out of the play. Tunstall made the extra yard and a first down on an end run around the left wing. Kahan was here substituted for Tunstall, Kahan twice rushed through center for four and two yards respectively. Moore around right end for eight yards and a first down. Bellinger off tackle for two, Kahan through tackle for two, Taylor through center with no gain, and Bellinger kicked thirty yards to Colvin who ran back twenty with it. Leverett through center for five. Newburgh penalized five yards off side. Kingston first down. Incomplete forward, Colvin left end three yards, Leverett two yards around left end on a lateral pass from Davis. Davis kicked to Bellinger. Newburgh's ball on their own forty yard line. A center rush that failed and a penalty of fifteen yards set Newburgh back considerably. Moore right end for twelve, Bellinger left end for nine and a first down. Kahan off tackle five, and the quarter ended with Newburgh in possession of the ball on Kingston's forty-three yard line.

An incomplete pass, then Bellinger off tackle for seven yards and a first down. Moore right end for five and Taylor same place for fifteen and a first down. Weeks substituted for Calver. Moore through center for five, Kahan hit center without gain, Taylor off tackle for five and a first down. Kahan through tackle for six yards. Nadel substituted for MacFadden. Taylor went through tackle for another touchdown. Taylor kicked the extra point.

Bellinger kicked off fifty yards to Leverett who advanced the ball to the thirty-two yard line. Anderson right end for eight yards. Fogarty substituted for Moore. Kilmarin broke through and caught Leverett so that Kingston lost five yards. Colvin left end four yards, Leverett left end for one yard. Davis through center for a first down. Anderson right end for eight yards and Leverett through tackle for two and a first down. Colvin off tackle for twelve

yards and another first down. Kingston penalized fifteen yards. Anderson through tackle for five yards, and again for three. Leverett right end out of bounds with no gain. Davis kicked to Bellinger who was downed in his tracks and the ball was on the eight yard line. Bellinger made five yards around left end. Taylor ripped around the same corner for thirty and a first down. Bellinger made thirty on a forward pass from Taylor. Kahan ward pass from two. Krisel substituted for Groff and O'Callaghan right for Bellinger. O'Callaghan right end for three yards and left for five, then the whistle blew, with the ball in Newburgh's possession on Kingston's twenty-two yard line, third down and two to go.

The lineup:
Newburgh Academy.

ACID PHOSPHATE MEETS NEEDS

On General Farms of New York, With Manure It May be Only Fertilizer Required.
By Telegram to The Freeman.
Ithaca, N. Y., Nov. 13.—On many general farms in New York state acid phosphate appears to be the only fertilizer needed to obtain adequate yields of grain and hay.

This is a statement authorized by the department of agronomy at the state college of agriculture. The college workers say the fertilizer investment on dairy farms may well be restricted to acid phosphate alone in the growing of grain and hay until 200 pounds to the acre have been applied annually. This would mean 300 pounds in the four-year rotation.

On farms where timothy is left on the land for several years and where manure is not available for top dressing, the college workers say that nitrogenous material, such as nitrate of soda or sulphate of ammonia, may later be used to supplement acid phosphate. On some soils they also advocate sulphate of potash, or some potash salt as a supplement.

Practically the same procedure is recommended where the land is cropped three successive years with grain crops, with little or no manure applied in rotation. In such cases it is the third year grain crop which should receive the nitrogenous material in addition to the acid phosphate.

Cabbage and potatoes and some other cash crops will always need to have the acid phosphate supplemented with other materials. If field beans and peas are well inoculated they have been found to respond to acid phosphate alone, providing the soil is not deficient in potash. If there is a shortage of potash, however, the college recommends that acid phosphate be supplemented with 25 pounds or more of muriate of potash to the acre.

That Lambert Murphy, who will sing in the High School Auditorium this coming Friday at 8:15, is an artist in the highest sense of the word is ably demonstrated by the following from one of the country's most severe music critics: "It is rare today to hear such singing as Lambert Murphy accomplished," was the remark of Krebhiel, of the New York Tribune, following a performance of the great "Passion of St. Matthew" by Bach, given by the New York Oratorio Society, last winter. The concert in question attracted wide attention, for the big choral work is so rarely given and moreover requires the most careful preparation. Needless to say, the solo parts call for singers who are essentially musicians. In this occasion Lambert Murphy, tenor, Merie

Alcock, contralto, and Reinold V. renrath, baritone, distinguished themselves. Later they were asked to perform the same work in Boston. Tickets for Murphy's concert may be obtained from any member of the High School Musical Association, under whose auspices he is being brought to this city, or through the mail by addressing C. R. Spaulding at the high school. The reserved seat exchange will open Wednesday.
